## ADVANCE ON WARSAW UNSUGCESSFUL

RUSSIANS HOLDING THEIR GROUND AND MAKING SLIGHT PROGRESS ACCORDING TO REPORTS-BEL-GIANS IN HORRIBLE CONDITION-FRENCH TAKE MANY PRISONERS

By Associated Press.

LONDON, December 4.-Reliable news as to the progress of the battle in Poland is still lacking. An unofficial dispatch from Petrograd says the battle at Lodz had ended successful for the Russians, but this statement disagrees with the Berlin official report, which says the German offensive in Poland is taking its normal

The fight in this region developed such a jumble that it was impossible to follow it. A most important factor from the Allies' standpoint is the German advance on Warsaw, seemingly has not succeeded, nor has it had the effect of diverting the Russians from the forward movement through the Carpathians, or against the fortress of Cracow, around which the Russians are drawing a closer ring of men and artillery.

Taking into consideration Przemysl, which has withstood the Russian attacks, and the military men are not expecting the early fall

Much depends on the battle which is being fought further north between the rivers Vistula and Warta, where the losses of both

It is believed if there had been any probability of German success there, Emperor William, who returned to Berlin, would have remained to witness the victory of his troops. The battle in the west is at a standstill.

#### BELGIAN SITUATION MOST HORRIBLE

LONDON, December 4.-Herbert Clark Roover, chairman of the American commission for the relief of Belgium, returned to London today after a week's inspection trip in Belgium. He reported that the distribution of foodstuffs sent by the Americans is under way, but he stated that famine threatened, and owing to the attitude of the beiligerents, the Belgians must still appeal to the United States. "Seven million people are surrounded by a ring of steel and utterly anable to help themselves. It is difficult to state the position of the Belgians without appearing hysterical," he said.
